

BACS Questionnaire

All fields are required. If something does not apply to your situation, please enter N/A.

Full name:

UVA Email ID:

What is your current school of enrollment? Arts & Sciences: Other (please specify):

There are two “versions” of the CS degree:

The “old” BACS is the interdisciplinary degree as described in the 2021-22 UG Record, and its “code” in SIS is **INCOMP-BA**. It is only available to students who completed CS 2110 before Spring 2022 and who can complete CS 2150 with a C- or higher by the end of Fall 2022.

The “new” BACS is the degree described in the 2022-23 UG Record, and its “code” in SIS is **CS-BA**. Students must complete CS 2100 before declaring this degree. CS 2110 does **not** count towards this degree.

Based on the above, which version of the CS degree are you *eligible* to declare? **CS-BA** **INCOMP-BA**

Important: On the College DocuSign major declaration form, you must fill in the item “Intended Major/Minor” with exactly the text of one of the two choices shown above. Forms that only say “Computer Science” cannot be processed and will be rejected.

Your grade in CS111x (or equivalent at another school):

I have completed (choose one): CS 2110 CS 2100

Your grade in CS 2110 / CS 2100 (or equivalent at another school):

If you took the equivalent of CS111x or CS2110 / CS 2100 at another school, please give the name of the school and the course ID(s) there. Or, if you have some other kind of credit (like our place-out exams), explain that here:

Expected graduation semester:

The course-IDs (e.g. CS 2120) of any UVA CS courses you are taking right now:

The course-IDs (e.g. CS 2120) of any UVA CS courses (other than CS 111x and CS 2110 / CS 2100) that you have completed with a passing grade:
